

# Privacy preserving and IoT

## Concept

## SOTA

Inspiring paper by Vitaly Shmatikov on [Privacy-Preserving Deep Learning](#)

ETAPS 2016 POST invited lecture

*Machine Learning and Privacy: Friends or Foes?*

Vitaly Shmatikov  
(Cornell Tech, USA)

Very few citations!

[Efficient Algorithms for Public-Private Social Networks](#) Efficient Algorithms for Public-Private Social Networks

## Deep Learning in Python

Run [Keras on Jupyter over Docker](#) Keras on Jupyter over Docker
